Residential heating oil price decreases

The U.S. average retail price of home heating oil fell half of a cent from a week ago to \$2.63 per gallon. That's up 57 cents from a year ago, based on the residential heating fuel survey by the U.S. Energy Information Administration. Heating oil prices in the New England region fell to \$2.59 per gallon, down half a cent from last week, and up 58 cents from a year ago.
