

Manufacturing Consumption of Energy 1994

December 1997

Energy Information Administration
Office of Energy Markets and End Use
U.S. Department of Energy
Washington, DC 20585

This report was prepared by the Energy Information Administration, the independent statistical and analytical agency within the U.S. Department of Energy. The information contained herein should be attributed to the Energy Information Administration and should not be construed as advocating or reflecting any policy position of the Department of Energy or any other organization.

Contacts

This publication was prepared by the Energy Information Administration (EIA) under the general direction of W. Calvin Kilgore, Director of the Office of Energy Markets and End Use (202-586-1617). The project was directed by Dwight K. French, Director of the Energy Consumption Division (ECD) (202-586-1126). Specific technical information may be obtained from the Manufacturing Energy Consumption Survey (MECS) Manager, Robert Adler (202-586-1134). The fax number for all ECD personnel is 202-586-0018.

Detailed technical questions on the topics indicated may be referred to the following members of the ECD:

Robert Adler	MECS Manager	202-586-1134 Robert.Adler@eia.doe.gov
Stephanie J. Battles	Product Manager, Overview, Chapters 1-3, Chapter 4 (electricity), and Report Production	202-586-7237 Stephanie.Battles@eia.doe.gov
Mary Carlson Office of Oil and Gas	Chapter 4 (natural gas)	202-586-4749 Mary.Carlson@eia.doe.gov
Barbara Fichman	Report Editing	202-586-5737 Barbara.Fichman@eia.doe.gov
LaVerne Gilchrist	Appendix D	202-586-1112 LaVerne.Gilchrist@eia.doe.gov
Christy Hall	Table Production, Report Editing and Production, Appendices B, C, F, G, and Glossary	202-586-1068 Christy.Hall@eia.doe.gov
Michael Margreta	Appendix A (detailed tables)	202-586-2327 Michael.Margreta@eia.doe.gov
Hattie Ramseur	Report Editing and Production and Appendices E and H	202-586-1124 Hattie.Ramseur@eia.doe.gov

The ECD would like to thank Mark Schipper, whose role of MECS manager for the past 2 years made this publication possible. At the present time, he is on a leave of absence obtaining further education.

Data in these reports are in the public domain and may be reproduced without permission. Appropriate credit is appreciated. Suggested citations are “Energy Information Administration, *Manufacturing Consumption of Energy 1994*” or “Energy Information Administration, 1994 Manufacturing Energy Consumption Survey.”

For More Information

As part of the Energy Information Administration's (EIA) mission to provide meaningful data from end-use energy surveys, EIA conducts ongoing user needs efforts to ascertain users' data requirements. If you have any data or report-related requirements or suggestions regarding any of the other EIA consumption surveys, please contact the appropriate survey manager directly, or use the address below.

Commercial Buildings Energy Consumption Survey (CBECS): Martha Johnson,
Survey Manager, at 202-586-1135.

Residential Energy Consumption Survey (RECS): Robert Latta, Survey Manager,
at 202-586-1385.

You are encouraged to provide your comments to the survey managers. Your feedback is important to us.

Contents

	Page
Manufacturing Sector Overview, 1991-1994	xiii
1. Introduction	1
Manufacturing Energy Consumption Surveys	1
Organization of This Report	1
2. New in the 1994 MECS	3
What Type of Cogeneration Technologies Did the Largest Cogenerator Use in 1994?	3
What Types of Biomass Are Used as an Energy Source, How Much Is Used, and by Whom?	3
Do the Industries That Consume the Most Energy Also Have the Largest Number of Establishments?	4
Do the Industries That Have the Most Square Footage Also Have High Energy Intensities?	4
3. Industry Profiles: Major Energy Consumers	5
The Four Major Energy Consumers in the Manufacturing Sector	5
Quantities of Energy and Expenditures for the Four Major Energy Consumers	5
Petroleum and Coal Products (SIC 29)	6
Chemicals and Allied Products (SIC 28)	7
Paper and Allied Products (SIC 26)	8
Primary Metal Industries (SIC 33)	9
4. Feature Article: How Changing Energy Markets Affect Manufacturing	11
Introduction	11
Natural Gas Market	12
Impetus for Change in the Natural Gas Market	12
Change in the Natural Gas Market	12
Natural Gas Usage in the Manufacturing Sector	13
Electricity Market	19
Impetus for Change in the Electricity Market	19
Change in the Electricity Market	20
Electricity Usage in the Manufacturing Sector	20
How Electricity Restructuring Might Affect Manufacturing	21
Lessons From Natural Gas Restructuring	24

Appendix A

A1. Total First Use (formerly Primary Consumption) of Energy for All Purposes by Census Region and Industry Group, 1994: Part 1 (Btu or Physical Units)	29
A1. Total First Use (formerly Primary Consumption) of Energy for All Purposes by Industry Group and Selected Industries, 1994: Part 2 (Btu or Physical Units)	32
A1. Total First Use (formerly Primary Consumption) of Energy for All Purposes by Census Region and Industry Group, 1994: Part 3 (Trillion Btu)	34
A1. Total First Use (formerly Primary Consumption) of Energy for All Purposes by Industry Group and Selected Industries, 1994: Part 4 (Trillion Btu)	37
A1. Number of Establishments by Total First Use (formerly Primary Consumption) of Energy for All Purposes, by Industry Group and Selected Industries, 1994: Part 5	39
A2. Total Consumption of LPG, Distillate Fuel Oil, and Residual Fuel Oil for Selected Purposes by Census Region and Industry Group, 1994: Part 1	41
A2. Total Consumption of LPG, Distillate Fuel Oil, and Residual Fuel Oil for Selected Purposes by Industry Group and Selected Industries, 1994: Part 2	44
A3. Total First Use (formerly Primary Consumption) of Combustible Energy for Nonfuel Purposes by Census Region and Industry Group, 1994: Part 1 (Btu or Physical Units)	46
A3. Total First Use (formerly Primary Consumption) of Combustible Energy for Nonfuel Purposes by Industry Group and Selected Industries, 1994: Part 2 (Btu or Physical Units)	49
A3. Total First Use (formerly Primary Consumption) of Combustible Energy for Nonfuel Purposes by Census Region and Industry Group, 1994: Part 3 (Trillion Btu)	51
A3. Total First Use (formerly Primary Consumption) of Combustible Energy for Nonfuel Purposes by Industry Group and Selected Industries, 1994: Part 4 (Trillion Btu)	54
A3. Number of Establishments by Total First Use (formerly Primary Consumption) of Combustible Energy for Nonfuel Purposes, by Industry Group and Selected Industries, 1994: Part 5	56
A4. Total Inputs of Energy for Heat, Power, and Electricity Generation by Census Region and Industry Group, 1994: Part 1 (Btu or Physical Units)	58
A4. Total Inputs of Energy for Heat, Power, and Electricity Generation by Industry Group and Selected Industries, 1994: Part 2 (Btu or Physical Units)	61
A4. Total Inputs of Energy for Heat, Power, and Electricity Generation by Census Region and Industry Group, 1994: Part 3 (Trillion Btu)	63
A4. Total Inputs of Energy for Heat, Power, and Electricity Generation by Industry Group and Selected Industries, 1994: Part 4 (Trillion Btu)	66
A4. Number of Establishments by Total Inputs of Energy for Heat, Power, and Electricity Generation, by Industry Group and Selected Industries, 1994: Part 5	68
A5. Total Consumption of Offsite-Produced Energy for Heat, Power, and Electricity Generation by Census Region and Industry Group, 1994: Part 1 (Btu or Physical Units)	70
A5. Total Consumption of Offsite-Produced Energy for Heat, Power, and Electricity Generation by Industry Group and Selected Industries, 1994: Part 2 (Btu or Physical Units)	73
A5. Total Consumption of Offsite-Produced Energy for Heat, Power, and Electricity Generation by Census Region and Industry Group, 1994: Part 3 (Trillion Btu)	75

Tables (Continued)

	Page
A5. Total Consumption of Offsite-Produced Energy for Heat, Power, and Electricity Generation by Industry Group and Selected Industries, 1994: Part 4 (Trillion Btu)	78
A5. Number of Establishments by Total Consumption of Offsite-Produced Energy for Heat, Power, and Electricity Generation, by Industry Group and Selected Industries, 1994: Part 5	80
A6. Total Inputs of Selected Byproduct Energy for Heat, Power, and Electricity Generation by Census Region and Industry Group, 1994: Part 1	82
A6. Total Inputs of Selected Byproduct Energy for Heat, Power, and Electricity Generation by Industry Group and Selected Industries, 1994: Part 2	85
A7. Enclosed Floorspace and Conditioned Floorspace by Industry Group and Selected Industries, 1994	87
A8. Total Inputs of Energy for Heat, Power, and Electricity Generation by Fuel Type, Industry Group, Selected Industries, and End Use, 1994: Part 1 (Btu or Physical Units)	89
A8. Total Inputs of Energy for Heat, Power, and Electricity Generation by Fuel Type, Industry Group, Selected Industries, and End Use, 1994: Part 2 (Trillion Btu)	114
A8. Number of Establishments by Total Inputs of Energy for Heat, Power, and Electricity Generation, by Fuel Type, Industry Group, Selected Industries, and End Use, 1994: Part 3	139
A8. Number of Establishments by Conditioned Floorspace and Energy Sources Used for Facility HVAC, by Industry Group and Selected Industries, 1994: Part 4	164
A9. Total Inputs of Energy for Heat, Power, and Electricity Generation by Fuel Type, Census Region, and End Use, 1994: Part 1 (Btu or Physical Units)	166
A9. Total Inputs of Energy for Heat, Power, and Electricity Generation by Fuel Type, Census Region, and End Use, 1994: Part 2 (Trillion Btu)	168
A10. Selected Combustible Inputs of Energy for Heat, Power, and Electricity Generation and Net Demand for Electricity by Fuel Type and End Use, 1994: Part 1 (Btu or Physical Units)	170
A10. Selected Combustible Inputs of Energy for Heat, Power, and Electricity Generation and Net Demand for Electricity by Fuel Type and End Use, 1994: Part 2 (Trillion Btu)	195
A11. Components of Net Demand for Electricity by Census Region and Industry Group, 1994: Part 1	220
A11. Components of Net Demand for Electricity by Industry Group and Selected Industries, 1994: Part 2	223
A12. Components of Onsite Electricity Generation by Census Region and Industry Group, 1994: Part 1	225
A12. Components of Onsite Electricity Generation by Industry Group and Selected Industries, 1994: Part 2	228
A13. Onsite Electricity Cogeneration by Congeneration Technologies, Industry Group, and Selected Industries, 1994: Part 1	230
A13. Number of Establishments by Onsite Electricity Cogeneration, by Congeneration Technologies, Industry Group, and Selected Industries, 1994: Part 2	232
A14. Quantity of Electricity Sold to Utility and Nonutility Purchasers by Census Region and Industry Group, 1994: Part 1	234
A14. Quantity of Electricity Sold to Utility and Nonutility Purchasers by Industry Group and Selected Industries, 1994: Part 2	237
A15. Total Quantity of Purchased Energy Sources by Census Region and Industry Group, 1994: Part 1	239
A15. Total Quantity of Purchased Energy Sources by Industry Group and Selected Industries, 1994: Part 2	242

Tables (Continued)

	Page
A16. Quantity of Purchased Electricity and Steam by Type of Supplier, Census Region, and Industry Group, 1994: Part 1	244
A16. Quantity of Purchased Electricity and Steam by Type of Supplier, Industry Group, and Selected Industries, 1994: Part 2	247
A17. Total Expenditures for Purchased Energy Sources by Census Region and Industry Group, 1994: Part 1	249
A17. Total Expenditures for Purchased Energy Sources by Industry Group and Selected Industries, 1994: Part 2	252
A18. Total Expenditures for Purchased Electricity and Steam by Type of Supplier, Census Region, and Industry Group, 1994: Part 1	254
A18. Total Expenditures for Purchased Electricity and Steam by Type of Supplier, Industry Group, and Selected Industries, 1994: Part 2	257
A19. Total Expenditures for Purchased Electricity and Steam by Type of Supplier, Census Region, and Economic Characteristics of the Establishment, 1994	259
A20. Average Prices of Selected Purchased Energy Sources by Census Region and Industry Group, 1994: Part 1 (Dollars per Physical Units)	262
A20. Average Prices of Selected Purchased Energy Sources by Industry Group and Selected Industries, 1994: Part 2 (Dollars per Physical Units)	265
A20. Average Prices of Selected Purchased Energy Sources by Census Region and Industry Group, 1994: Part 3 (Dollars per Million Btu)	267
A20. Average Prices of Selected Purchased Energy Sources by Industry Group and Selected Industries, 1994: Part 4 (Dollars per Million Btu)	270
A21. Average Prices of Purchased Electricity and Steam by Type of Supplier, Census Region, and Industry Group, 1994: Part 1	272
A21. Average Prices of Purchased Electricity and Steam by Type of Supplier, Industry Group, and Selected Industries, 1994: Part 2	275
A22. Average Prices of Purchased Electricity and Steam by Type of Supplier, Census Region, and Economic Characteristics of the Establishment, 1994	277
A23. Selected Energy Operating Ratios for Total Energy Consumption for Heat, Power, and Electricity Generation by Census Region and Industry Group, 1994: Part 1	280
A23. Selected Energy Operating Ratios for Total Energy Consumption for Heat, Power, and Electricity Generation by Industry Group and Selected Industries, 1994: Part 2	283
A24. Total Inputs of Energy for Heat, Power, and Electricity Generation by Program Sponsorship, Industry Group, Selected Industries, and Type of Energy-Management Program, 1994: Part 1	285
A24. Number of Establishments by Total Inputs of Energy for Heat, Power, and Electricity Generation, by Program Sponsorship, Industry Group, Selected Industries, and Type of Energy-Management Program, 1994: Part 2 ..	322
A25. Number of Establishments by Sponsorship of Any Programs of Demand-Side Management through Electric Utility and Natural Gas Utility, by Industry Group and Selected Industries, 1994	359
A26. Total Inputs of Energy for Heat, Power, and Electricity Generation by Employment Size Categories and Presence of General Technologies and Cogeneration Technologies, 1994	361

Tables (Continued)

	Page
A27. Total Inputs of Energy for Heat, Power, and Electricity Generation by Value of Shipment Categories and Presence of General Technologies and Cogeneration Technologies, 1994	362
A28. Percent of Establishments that Actually Switched Fuels from Natural Gas to Residual Fuel Oil and from Residual Fuel Oil to Natural Gas, by Industry Group and Selected Industries, 1994	363
A29. Capability to Switch from Natural Gas to Alternative Energy Sources by Industry Group, Selected Industries, and Selected Characteristics, 1994: Part 1	365
A29. Number of Establishments by Capability to Switch from Natural Gas to Alternative Energy Sources, by Industry Group and Selected Industries, 1994: Part 2	367
A30. Number of Establishments that Actually Switched Fuels from Natural Gas to Residual Fuel Oil, by Industry Group and Selected Industries, 1994	369
A31. Percent of Establishments by Primary Reasons for Actually Switching Fuels from Natural Gas to Residual Fuel Oil, by Industry Group and Selected Industries, 1994	371
A32. Percent of Establishments by Levels of Price Difference between Natural Gas and Less Expensive Residual Fuel Oil that Would Cause Fuel Switching from Natural Gas to Residual Fuel Oil, by Industry Group and Selected Industries, 1994	373
A33. Capability to Switch from Residual Fuel Oil to Alternative Energy Sources by Industry Group, Selected Industries, and Selected Characteristics, 1994: Part 1	375
A33. Number of Establishments by Capability to Switch from Residual Fuel Oil to Alternative Energy Sources, by Industry Group and Selected Industries, 1994: Part 2	377
A34. Number of Establishments that Actually Switched Fuels from Residual Fuel Oil to Natural Gas, by Industry Group and Selected Industries, 1994	379
A35. Percent of Establishments by Primary Reasons for Actually Switching Fuels from Residual Fuel Oil to Natural Gas, by Industry Group and Selected Industries, 1994	381
A36. Percent of Establishments by Levels of Price Difference between Residual Fuel Oil and Less Expensive Natural Gas that Would Cause Fuel Switching from Residual Fuel Oil to Natural Gas, by Industry Group and Selected Industries, 1994	383
A37. Capability to Switch from Electricity to Alternative Energy Sources by Industry Group, Selected Industries, and Selected Characteristics, 1994: Part 1	385
A37. Number of Establishments by Capability to Switch from Electricity to Alternative Energy Sources, by Industry Group and Selected Industries, 1994: Part 2	387
A38. Capability to Switch from Distillate Fuel Oil to Alternative Energy Sources by Industry Group, Selected Industries, and Selected Characteristics, 1994: Part 1	389
A38. Number of Establishments by Capability to Switch from Distillate Fuel Oil to Alternative Energy Sources, by Industry Group and Selected Industries, 1994: Part 2	391
A39. Capability to Switch from Coal to Alternative Energy Sources by Industry Group, Selected Industries, and Selected Characteristics, 1994: Part 1	393
A39. Number of Establishments by Capability to Switch from Coal to Alternative Energy Sources, by Industry Group and Selected Industries, 1994: Part 2	395

Tables (Continued)

	Page
A40. Capability to Switch from LPG to Alternative Energy Sources by Industry Group, Selected Industries, and Selected Characteristics, 1994: Part 1	397
A40. Number of Establishments by Capability to Switch from LPG to Alternative Energy Sources, by Industry Group and Selected Industries, 1994: Part 2	399
A41. Number of Establishments by Activities Related to Electric Motor Systems and Their Method of Evaluation, by Industry Group and Selected Industries, 1994	401
A42. Number of Establishments by Activities Related to Listings of Electric Motor Systems, by Industry Group and Selected Industries, 1994	403
A43. Total Inputs of Selected Wood and Wood-Related Products for Heat, Power, and Electricity Generation by Census Region, Industry Group, and Selected Industries, 1994	405
A44. Total First Use (formerly Primary Consumption) of Energy for All Purposes by Selected Energy Sources, 1994	407

Appendix B

B1. Sample Size by Census Division, Selected Industries and Industry Group, 1994	416
B2. Number of Establishments in the Census of Manufactures Universe by Major Group, 1994	418
B3. Conversion of Physical Units to British Thermal Units	431

Appendix C

C1. Calculation of Generalized Relative Standard Error (RSE)	437
C2. Number of Establishments and Weighted and Unweighted Percentages of the Imputed Value of Shipments and Value Added	444

Appendix G

G1. Metric Conversion Factors	501
